

FARO® Laser Tracker Accessories

[A] Rolling Stand 50.8 - 170.1cm (20" - 67")

Specifically designed for all FARO Laser Tracker products, this heavy-duty stand is built for maximum portability and stability.

[B] Folding Stand

This stand provides the ideal combination of rock-solid mounting with portability.

[C] Large Workstation Cart

A convenient work centre for the FARO Laser Tracker.

[D] Small Workstation Cart

This cart's open architecture allows maximum accessibility to your Laser Tracker system while providing excellent mobility. Shown with optional mandrel and FARO Laser Tracker.

To extend working volume and increase portability

FARO offers a complete line of accessories for the FARO Laser Tracker. These provide solutions that increase range, flexibility, portability, and user-friendliness. Accessories include numerous rolling stands, folding tripods and magnetic mounts.

Most Common Applications

Aerospace: Inspection, Tool Building & Certification, Automated Assembly Systems

Automotive: Tool Certification and Repeatability, Reverse Engineering

Tool & Die: Master Moulds, Tool Setup, Composite Tooling

Heavy Equipment: In-Process/Part Inspection, Installation and Alignment

Features

- ▶ [A] 3.5" ring mount, retractable wheels, adjustable height.
- ▶ [B] Designed specifically for the FARO Laser Tracker, this folding stand includes telescoping legs for easy height adjustment.
- ▶ [C] The workstation holds the tracker head, controller, cables, UPS, desktop computer and printer, with plenty of room for targets, tooling and accessories.
- ▶ [D] Includes heavy duty steel construction, large storage drawer, pneumatic casters and large work space with anti-skid surface.

Magnetic Mount Kit

A magnetic mount kit that allows the FARO Laser Tracker to be mounted to surface plates, tool beds and other ferrous surfaces.

Stand Extension

Riser used to increase the height on any rolling stand, tripod, magnetic mount or surface plate mount. Various lengths.

Vacuum Mount

Mounts the FARO Laser Tracker quickly, easily and rigidly to granite surfaces without a degradation in accuracy. Includes mount, hand pump, oil and case.

RF Remote for FARO Laser Tracker

RF Remote features a 45m (150 foot) range, four programmable buttons, mouse control with left and right click, and laser pointer.

Mandrel Quick Release Mount

Quick release mandrel for mounting the FARO Laser Tracker vertically or horizontally to an optional instrument stand or side mount. (Standard 3.5" TPI mounting)

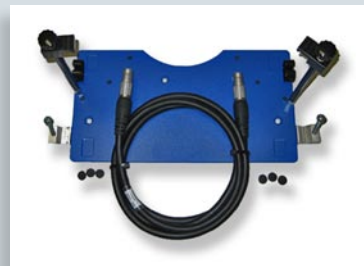

Wireless Ethernet Kit

Connect your desktop to the FARO Laser Tracker via wireless Ethernet.

Laser Tracker Side Mount

Mounts the FARO Laser Tracker sideways on a heavy duty instrument stand.

MCU Mounting Kit

The MCU Mounting Kit for mounting the MCU directly onto the FARO heavy duty rolling stands.
